One-Year PGY1 Residency Program In a Community Pharmacy Setting

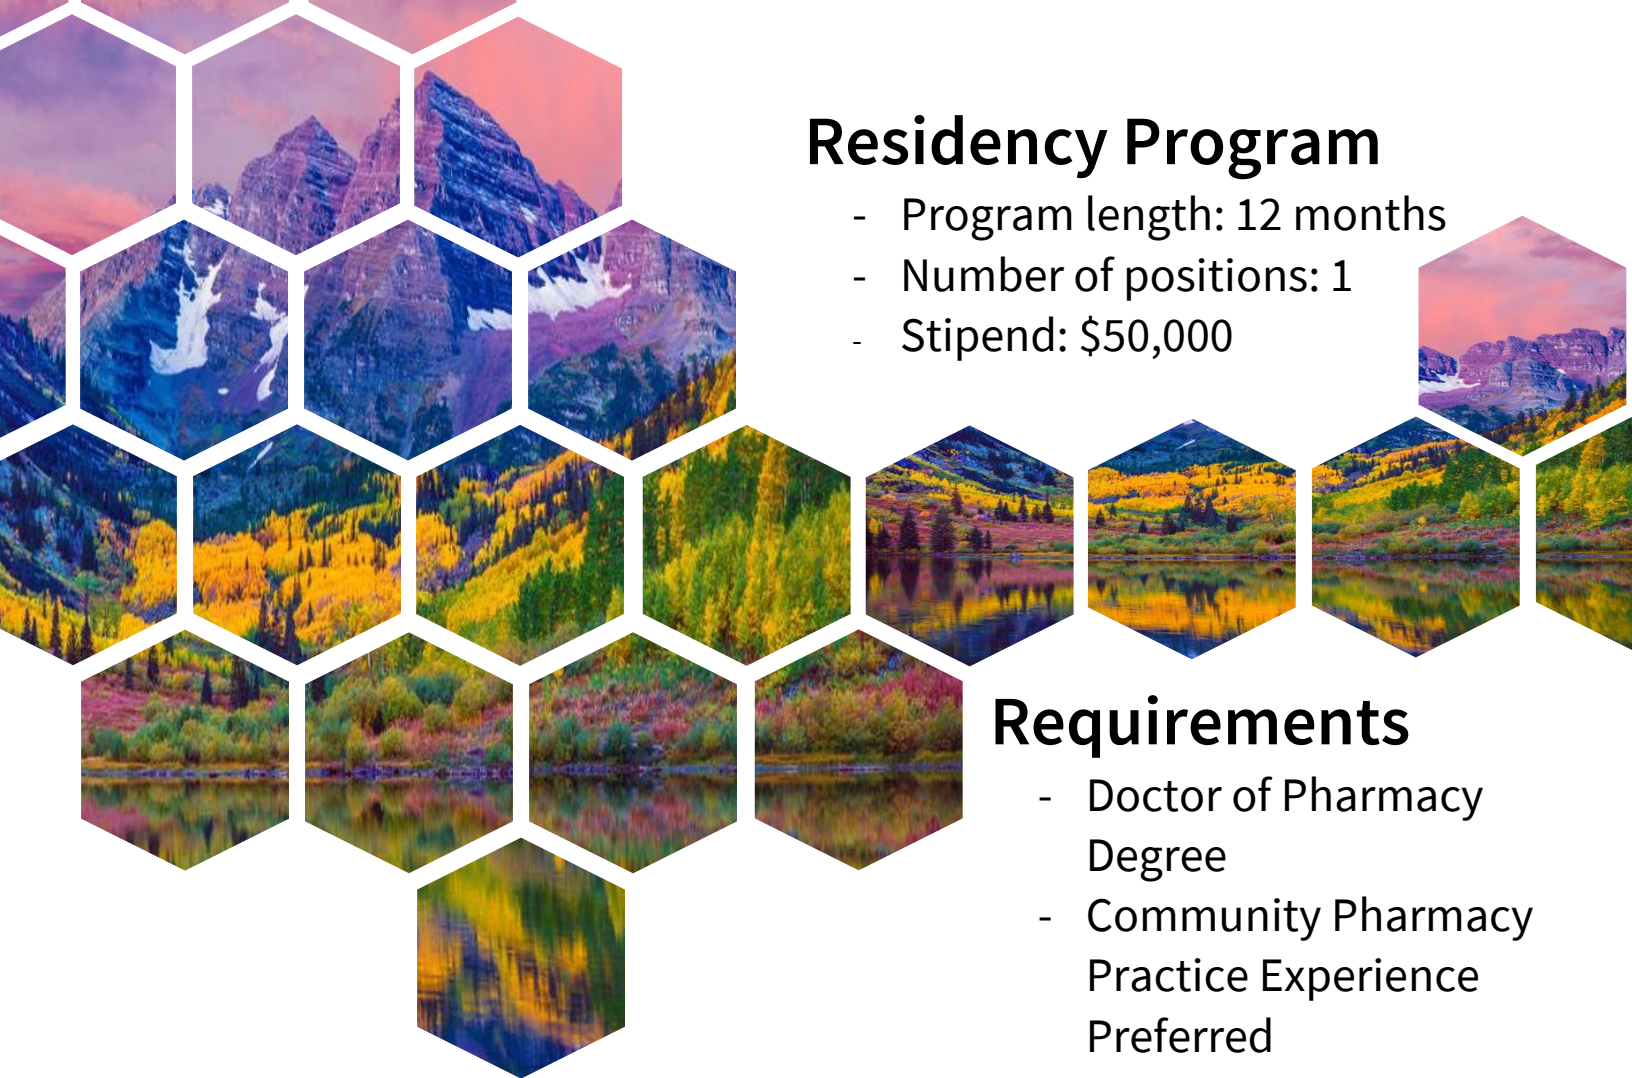

Megan Schlueter, PharmD
PGY1 Resident

This Post Graduate Year 1 (PGY1), ASHP/APhA-accredited residency program focuses on the development, implementation, and management of innovative patient care services in a community pharmacy organization. Our residents provide education and manage patients with different disease states in the community pharmacy, ambulatory care, and inpatient hospital setting within the Denver metropolitan area. In addition, residents assist in the design and implementation of similar patient-care services, manage transitions-of-care services, teach clinical and didactic courses, and develop and present a research project.

“This residency is exactly what I hoped for and so much more. I love having diverse community, ambulatory care, and teaching experiences. I find it rewarding to take my ambulatory care experiences and merge the clinical services into community practice”.

Residency Program

- Program length: 12 months
- Number of positions: 1
- Stipend: \$50,000

Requirements

- Doctor of Pharmacy Degree
- Community Pharmacy Practice Experience Preferred

Deadline

- January 2nd

- Benefits subject to change

ABOUT THE UNIVERSITY OF COLORADO SKAGGS SCHOOL OF PHARMACY AND PHARMACEUTICAL SCIENCES

The School is part of the University of Colorado Anschutz Medical Campus, and is located just outside Denver in Aurora, Colorado. In addition to clinic responsibilities, the resident is involved in teaching efforts focused towards didactic and clerkship teaching of Doctor of Pharmacy candidates. Residents also gain experience in medical writing and publishing. A research project of publishable and presentable quality is required.

ABOUT KING SOOPERS

The Kroger Co. operates nearly 2,400 retail Pharmacies in 34 states, each staffed with caring professionals dedicated to helping people lead healthier lives. King Soopers and City Market operates 152 pharmacies in Colorado, Wyoming, and Utah and has received recognition for initiatives in community health screening, pharmacy-based immunization services, and statewide protocol-based prescribing. Residents will be involved in enhancing community pharmacy practice and expansion of innovative clinical services. Residents are included in a national network with more than 25 Kroger-affiliated residency programs as an additional benefit.

King Soopers Preceptors

- Michael Hinnenkamp, PharmD, Pharmacy Manager
